Subject: Re: GHA Traffic Safety Committee

Hello Patricia,

I look forward to working with you. I sent Steve the letter and I have not had a chance to talk with him, but will be shortly. I had hoped to get this done before the 4th, but my schedule has been pretty tight lately. I'll be in contact soon.

Thank you for volunteering!
Chris

Good morning Chris,

At our last committee meeting we chose (volunteered) new officers for our GHA Traffic Safety Committee. Neal Kellner who volunteered to get this committee going will continue to be a member of the committee. He will continue to be in contact with you.

I am Patricia Pinkham (froggsnest@comcast.net) who along with Kathy Bourassa volunteered to co-chair the GHA Traffic Safety Committee. Our secretary is Chris McClellan.

Thank you for your very positive answer to our letter proposing tables in Hansville as well as a mini-round along Twin Spits Road. And for suggesting the same might be effective on Hood Canal Drive in the Cliffside area. In Neals' recent letter to you he mentioned that we already have volunteers looking at this possibility.

You also mentioned something about a procedure for installing traffic calming devices. Can you tell me what these procedures might be? Have you had a response from Steve Johnson about timing, budget, and public input?

Thank you.
