Petition to Remove Stop Signs at Aspen On Ponderosa Blvd

ACTION DEMANDED: We, the undersigned residents and property owners in Shore Woods demand the immediate removal of the 4 way stop installed on Ponderosa Blvd at Aspen Way.

WHY WE DEMAND THIS: As users of this road, we demand removal of the stop signs for these reasons.

- .The national guidelines for the use of stop signs specifically states. **"Stop signs should not be used for speed control"**. Yet this is exactly why they were installed.
- .Research indicates that unwarranted stop signs create a false sense of security as people tend to drive through without stopping.
- .Specific studies at the site of Aspen and Ponderosa absolutely support those findings.
- .Kitsap County professionals strongly opposed the installation, saying it may open us up for litigation.
- .Kitsap County speed studies on Ponderosa indicate **"speeding is not an issue"**.
- .There is no record of any serious accidents on Ponderosa.
- .These unnecessary stops create undue wear on our brakes and additional fuel consumption.
- .Stopping and going on the hill in the winter snow will be dangerous.
